

Welcome to Goethe-Schule in Eberswalde!

Eberswalde is a nice old town about 40 km north east of Berlin near the Polish border in Brandenburg County (look at the map). About 40.000 people live in our town and we have nice surroundings with lots of lakes and forests.

The name of our school is Johann-Wolfgang-von-Goethe-Schule. A secondary modern school and a primary school are combined in 3 buildings. Building A is our secondary modern school, building B is our primary school and in building C you can find the staff room and the offices as well as a fantastic Art room.

Our school was built in 1926. But it has been reconstructed in the last years and looks very new now. From the tower you have a wonderful view over the town.

We are 674 pupils and 56 teachers at our school. Our teachers are very nice. The school is led by our headmaster Mr Volkmann and his two assistants Mrs Bullerjahn and Mr Lipke. Lessons start at 7.30 or 8.20 in the morning. We

have 6 lessons every day.

All classrooms are equipped with an interactive board. Because it is very new we sometimes must help our teachers to use it. Then WE teach THEM ;-).

Our PE lessons take place in one of our two gyms or at the sports ground.

We have compulsory and optional subjects. Our optional subjects are French, Sciences, Drama and Computer technology. The other subjects are compulsory ones. All pupils learn English.

We have many extracurricular activities like football, handball, cooking, music and band or a Comenius workshop.

Our partner schools are in Denmark, Poland, Turkey and in Hungary.

Because we have a Comenius-project together with them we work at eTwinning-projects can go there for pupils' exchange. That is interesting.

These beautiful ladies are from the ballade “Der Erbkönig” of our national poet Johann Wolfgang von Goethe. They are Erbkönig's daughters and can even move their heads. That looks scary.

Have you got any questions? Then write a mail!
Best wishes
Class 7c

(A project work of the pupils of class 7c and their teacher Andrea Zimmermann)
